TOUCH SCREEN CONTROL

POSITIVE PRODUCT CONTROL

ON-LINE PRODUCTION INFO

The Fuji-Formost Model FW-3401HS Horizontal Servo Wrapper is designed for high-speed packaging of bite-size products at speeds of up to 1,500 packages per minute. The new high-speed machine is equipped with a disk feeder to load the product into the wrapper infeed.

Additional features include an Auto Film Splicer for automatic film roll changeover and Film Pre-Heaters.

The cantilevered frame enables quick and easy cleaning. The touch screen control system can be easily networked with plant information systems.
